Cellphones in the classroom?

Yes way!

Kenton City Schools

Technology Coordinator

According to a survey of 700 teens published in April (2008) by the Pew Internet & American Life Project, 71% of respondents already own cell phones, while only 59% own computers.

Text "45635 Your question" to 99503 or enter it at <http://poll4.com>

One to one programs are becoming a reality with the current generation of cellphones, smartphones, mobile Internet devices, and ultra mobile PC's (Netbooks).
